## REPORT OF THE SECRETARY OF THE INTERIOR.

The Secretary of the Interior in his annual report reviews at length the varied work of his department. He says Civil Service reform has been strictly enforced, and he dwells upon the necessity of eliminating politics from the management of Indian affairs. Nearly all the people of Nevada will agree with the Hon. Hoke Smith in that respect. A gentleman from Delaware, who probably never saw an Indian outside a circus side show, was sent to Nevada as Indian Agent, probably for no other reason than that he voted to place the country under the yoke of the gold trust.

The Secretary believes in conducting Indian reservations upon strictly business principles, the object being to make every Indian who remains upon a reservation self-supporting. He recommends that three Indian Commissioners be appointed, two civilians and one army officer, and that the Commissioners be from different political parties. The report shows that the attendance at Indian Schools increased 1,500 during the last year. The reduction of twenty per cent, which the law required in connection with the contract schools, has been strictly carried out and there seems to be no reason why such reduction should not continue until the Government aid to sectarian schools shall terminate.

The public lands undisposed of amount to about six hundred millions of acres, and the receipts for public lands during the year amounted to over \$2,000,000. The unadjusted land grants to railroads amount to nearly 90,000,000 acres. The Secretary suggests the advisability of patenting the arid lands to the States under the Carey Act.

The Secretary calls attention to the fact that 17,000,000 acres are included within forest reserves, the object being to preserve the forests for future use and to control the supply of water so that it may be stored and utilized for irrigation. There are but thirty special agents to protect the timber upon the entire public domain, to examine swamp lands and to investigate fraudulent land entries, a force too small to permit anything to be done toward guarding the forest reservation.

The review of the Pension Office shows the aggregate number of pensions on the rolls at the close of the year to be 1,102,365. The greater part of the pending cases are old cases lacking some quality of proof which the law requires.

The Secretary discusses the relations between the Government and the bonded railroads and the possibility of collecting the amount due the Government from these roads. He argues that two things are to be considered: First the collection of the debt due the Government; Second, the creation of a great through line from the Missouri river to the Pacific, which was the original purpose of the Government when it issued subsidy bonds. The Government is already out \$117,435,000 upon these roads and the first mortgage bonds amount to \$64,613,000. The property is worth more than the first mortgage bonds and the Government interests can be protected by taking up these bonds, thus acquiring complete ownership of the roads.

## CHECKED BY THE LAW.

The game to compel the county Auditor to draw his warrant on the County Treasurer for all bills allowed by the County Commissioners, whether legal or otherwise, has been effectively blocked by the Supreme Court, which sustained Judge Cheney's decision in the matter. It seems almost incredible that county officials, under pretense of acting for the best interests of the people, should attempt to establish the rule that two of the three members of the Board of County Commissioners can pass any bill and that the Auditor has no alternative, but, without question or hesitancy, draw his warrant for the amount, yet that was the object of the proceedings instituted in the name of the State by a county official against Auditor Shearer.

Boss Tweed in his palmist days never publicly exhibited such disregard for law and the rights of the taxpayers or attempted to get courts, though it was alleged that he owned some of them, to give the sanction of law to such a proceeding.

Imagine the consequences if the Auditor should be deprived of the veto power. The majority of the Board could at any time allow bills for any amount, and the Auditor, though aware that they were unjust and illegal, would be compelled to draw warrants for the amount of the bills, even if the Treasury be empty.

The decision is important in this respect. It shows that under our system of government, it was not contemplated that Boards of Commissioners or any other board should have such autocratic powers as the plaintiff in this case attempted to establish. The Constitution provides a check for the Legislature in the Governor's veto, and the Legislature places a check on the capacity of County Commissioners by giving the Auditor authority to veto bills which he has reason to believe are not legal claims against the people. If the claimant has reason to believe that the Auditor's objections are not valid he can get redress in the courts.

In these days, when everything is low, except gold and taxation, and taxpayers are assessed more than many of them can afford to pay for the privilege of making a livelihood, it is well that somebody is vested with the veto power, as by exercising it, even occasionally, it will check drains on the Treasury.

## TELEGRAPHIC NOTES.

Five hundred persons perished in a recent storm at Odessa, Russia.

Holmes, the multi-murderer, has been sentenced to death at Philadelphia, having been denied a new trial.

Two negroes, convicted of attempting rape, were taken from the jail at Fayetteville, Tennessee, and lynched.

There is a probability that the Republican caucus Monday night will decide to attempt to reorganize the Senate. Senator Frye is mentioned for President pro tem.

John W. Flood, cashier of the Donohue-Kelley bank, San Francisco, has given up the fight and goes to jail for seven years. His appeal to the Supreme Court has been withdrawn.

Negroes at St. Louis, Mo., attempted to lynch Alex. Royal, a colored man, who was arrested for carrying his mistress with a butcher knife. The police dispersed the mob.

R. N. Stone, cashier of the bank of Commerce at Cheyenne, Wyoming, has been arrested at Billings, Montana, for embezzlement. He admits that he lost money belonging to the bank gambling.

The Francisco savings bank has assets amounting to \$118,000,000, a gain of \$2,500,000 over last year. The loans on real estate amount to \$80,000,000 and \$104,000,000 due depositors. The Commercial banks have assets of \$77,000,000.

Sir Phillip Currie, the British Ambassador at Constantinople, was given permission by the Porte to take an extra gunboat through the Dardanelles for protection. He ordered the boat to proceed, but the Sultan feared it would cause an insurrection, and the Ambassador backed down.

O. S. Young, formerly of this State, has brought suit in San Francisco for the office of Superintendent of Public Instruction. The Board of Education appointed Madison Babcock to fill the vacancy caused by the death of Superintendent Moulder. The Board of Supervisors appointed Young and the suit is brought to oust Babcock.

Professor Marcus Blake of the Coast and Geodetic Survey has created a sensation at Washington by declaring that the Alaska boundary dispute should be settled by arms, not arbitration. Blake was delivering a public lecture and the sentiment was applauded, and he was invited by the audience to repeat the lecture in a larger hall.

## Taxes Coming In.

Tax-receiver Boyd and his clerks were kept busy all day yesterday in taking in money and issuing tax receipts. The C. P. R. R. has paid in full and no objection was filed. The V. & T. made a tender of a little more than half the amount of the company's tax, and Treasurer Boyd offered to issue a receipt for the amount paid in, but no more. The agent of the company took up the money he had tendered and said he would call later on, but up to last evening the taxes had not been paid. It is thought, however, that the full amount will be paid on Monday. Many of those who paid yesterday were farmers. Monday is the last day and it is expected that a good showing will be made.

## Sierra Valley's Railroad.

C. H. Clarke of the Sierra Valley Railroad arrived in town last evening and remained over. Mr. Clark says they are progressing with the road in good shape and expect to have regular trains running to Clairville soon. He says the company does not anticipate any serious trouble from the snow as they are preparing for winter and he believes that there will not be a single train delayed. The people of the valley and adjacent country are beginning to appreciate the road and are aiding it in every way. Clairville will be the terminus for some time, but the road will be pushed on to Quincy as soon as business and circumstances makes it advisable.

**13 DOLLARS WORTH FOR \$9.90.**

Every one knows how stylish and desirable Baltic seal capes are and how they last from season to season. Good Baltic seal closely resembles real seal skin.

We have some capes of this kind, made for this seasons trade, 30 inches deep, satin lined, deep collars.

They have been selling all along at \$13. In order to sell them before the close of the season, we reduce them to-day to \$9.90.

To the woman reader no further words are necessary to show the great desirability of these capes at the price quoted.

To Mr. Man, we add that there is nothing he can give his wife, mother or sister on December 25th, that will likely please her more.

Order at once, if you would avoid disappointment, and when you order don't forget to give the bust measurement.

If, after you get the cape, you do not like it, send it back and we will return the money.

## Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her, and she says it saved her life. Mr. Thos. Eggers, 129 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this remedy for coughs and colds. Free trial bottles at Hodgkinson's Drug Store. **BOARD OF REGENTS.**

Important Resolutions Adopted and the Buildings Examined.

The Board of Regents of the State University met at their office yesterday morning at 10:30. All present.

The first business considered was the health of the institution and with this in view the following resolution was adopted:

Resolved, That no student be admitted to the University hereafter without first producing a certificate from some reputable physician to the effect that the applicant for admission has been vaccinated within five years from the time of entering.

It was ordered that a student upon entering the University and at the beginning of each term shall be required to deposit a term fee of 50 cents, out of which all damages to University property by students shall be made good. Whatever remains of the deposit at the end of the term shall be returned to the students.

The President of the University was authorized to ask contractors and builders to present sealed bids for the construction of the annex to the Mechanical building according to plans and specifications now on file in his office, to the Secretary of the Board on or before Wednesday, Dec. 4th, at 7:30 P. M. at the office of the Board of Regents, the bidders to be notified that when making estimates that they have secured at the time stated for opening the bids, sufficient money to warrant them in letting the contract to build said annex. The Board visited the several buildings and granted further time to Contractor Ryland, making the date of completion of contract Dec. 21st.

Bills were allowed and ordered paid, some routine work was transacted and the Board adjourned.

**THE LIMBO MURDER.**

A Spaniard Arrested for the Crime.

The Silver State says Sheriff Hadley has returned from Limbo, in the western part of Humboldt county, near the Washoe line, with Monica Echeverria, a Spaniard, who is accused of the murder of Frank Messer and an Indian near R. H. Cowles' ranch. Echeverria was lodged in jail, and circumstances point very strongly to his guilt. He is a man of 45 or 50 years of age, and has a wife and two daughters living at Wadsworth.

Naches and other Indians followed the murderer's tracks from where the bodies were found and discovered that he had tried to cover them up with his hands. The tracks led to where a horse had been standing and pawed a hole in the ground with his feet. The Indians followed the horse's trail to the edge of Winnemucca Lake, where the murderer had built a fire. Empty cartridge shells were found on the ground. But here on account of darkness the tracks could be followed no further.

The officers took the bodies to Wadsworth, where they arrived Tuesday. In the meantime Echeverria, who was employed on another ranch about fifteen miles from that owned by Cowles, arrived there. He said that Frank and the Indian were not accidentally killed, but had been murdered by Ewing, who put sticks in the wounds. On this incriminating statement he was arrested and Sheriff Hadley telegraphed for. Up to yesterday morning the Indian trappers had not returned, but it was reported that they had again picked up the murderer's trail on the edge of the lake. Their work is of the utmost importance.

**THE PUBLIC SCHOOLS.**

Resolutions Adopted by the Board of Trustees.

At a meeting of the School Board held last evening, all the members being present, the following resolution was unanimously adopted:

It is ordered by the School Board that the time for vaccination as ordered by the Board of Health of pupils attending the public schools of Reno be and is extended for the period of one week from December 2, 1895.

Signed: N. STANLEY, President of the Board of Trustees.

W. WEBSTER, Clerk.

According to this order all children can attend the public schools to-morrow.

Closing Month of Fredrick's Jewelry Store.

A Feature of the Masquerade.

The great feature of the masquerade on Thursday night was the group of eight Reno boys dressed in costumes representing the new man and new woman of the next century. The "make up" of the group was one of the best ever seen in Reno and created much amusement. M. P. McInerney, Lem Osburn, G. F. Duncan and Harry Martin represented the new women, and L. F. Stevenson, John Dauby, Geo. Becker and El Richardson the new men.

The first prize was awarded to the group, but there was some trouble regarding the settlement of the matter with the manager. Some loud talk ensued and the outcome was the payment of one-half the prize, with which the boys had to be satisfied.

Mrs. Cora Boercher made the costumes for the group and she displayed some tasty and artistic work.

**Order of the Board of Health.**

Reno, Nev., November 29, 1895.

To the President of the Board of Trustees, School, District No. —, Washoe County, Nev.: At a meeting of the State Board of Health, held in Carson City, N. D., on the 15th day of September, A. D., 1895, the following order was issued: "It is hereby ordered that all persons attending public schools in this State, either as teachers or pupils, shall present to the principal thereof a certificate from some reputable practicing physician that said person has been vaccinated within the period of five years, and no person shall be permitted to attend without such certificate."

Please consider this your official notification thereof, and you are hereby instructed and empowered to enforce the same.

Christopher Huntley met with a horrible death in the French mill at Silver City. The Dayton Times says Huntley went into the wheel to chop away the ice. The wheel started and the unfortunate man's head was caught between the standard and frame of the wheel and crushed flat. He was a native of Illinois 56 years of age.

Robert G. Ingersoll, the great agnostic, ought to be the best man in the United States, as 6,000 members of the Christian Endeavor united in praying for him in Cleveland, Ohio. As Kentucky going Republicans did not Christianize him the prayers of six thousand good people ought to have the desired effect. Sam Jones says "Ingersoll makes \$1,000 a night talking against Christ, when he can't make \$100 talking for Him. He wouldn't give a dollar to hear Ingersoll on the mistakes of Moses, but he would give much more to hear Moses on the mistakes of Ingersoll."

**District Court.**

The District Court, Judge Talbot presiding, was occupied all day yesterday in hearing the case of J. H. Dennis, contestant, vs. Wm. Caughlin, contestee. At the conclusion of the argument the Court rendered an oral decision and ordered the Salt Marsh ballots to be all counted for whom cast and also ordered that the returns of the Glendale Election Board stand in preference to the ballots as they now appear.

The count awarded Caughlin seven disputed ballots previously rejected. The net result is to give Caughlin 23 ballots over Hayes. Judge Haydon gave notice of an appeal to the Supreme Court, and was given fifteen days to prepare and serve a bill of exceptions. Torreyson and Summerfield appeared for contestee.

It would seem by this decision that the Judge had changed his former opinion regarding the precincts of Salt Marsh and Glendale.

**A Private Question Answered Publicly.**

Every day I am asked the following question: "Mrs. Hunter, tell us honestly, do you think Viavi is good as represented?" Yes, my friends, better! I have handled it over three years and each year my faith has grown stronger. If you want good health use it faithfully and you will not be disappointed. Mrs. B. F. HUNTER.

**Weak and Sore Eyes**

Eyesight Became Affected—Unable to Go to School

Hood's Sarsaparilla Wrought Cure and Built Up System.

"Two years ago my little daughter Elsie, was afflicted with ulcerated sore eyes. I tried one of the best doctors in the city for about a year but her eyes seemed to grow worse. I had her treated by an oculist but his treatment did not benefit them. I then commenced to give the Little One Hood's Sarsaparilla and after the first bottle I could see that there was great improvement. Elsie is now nine years old. Besides benefiting the special trouble mentioned Hood's Sarsaparilla has made her a strong and sprightly child. I will always speak highly of Hood's Sarsaparilla." J. H. OAKENFORD, 215, North Fifth Street, janitor Fourth Ward School Building, Arkansas City, Kansas.
